- Trace Request on Karl Georg WELLSCHER

REF: 1. REL-1184, 27 December 1976

2. REL-1184, 3 January 1977

same subj. - no f - up - 17 Jan 57

ACTION REQUEST: Berlin Document Center Check on Subject

1. In Reference 1, FBI requested traces on Subject in response to a "request" query for information made by G. WELLSCHER of the WELLSCHER Engineering firm in East Berlin. Because of a misfiled card at the time Reference 1 was received, FBI was unaware of the fact that Subject is identical with V-1184. As soon as this error was discovered, Reference 2, cancelling the same trace request, was sent to all addressees.

2. On 7 January, G. WELLSCHER once again indicated his interest in the subject and appears to be up for some sort of personal action. However, G. WELLSCHER is an old WELLSCHER Berlin operator, and this check is to be made in order to ensure that neither the WELLSCHER Engineering firm, nor the WELLSCHER firm, become aware of the fact that he has taken a special interest in Subject's case. Consequently, we wish to re-submit our request for a Berlin Document Center check on Subject.

3. Should there be any other information available which would assist this office in determining the exact reason for G. WELLSCHER's special interest in Subject and the rather peculiar manner of his request for information on one of Berlin's Berlin agents, we would appreciate receipt of same.
